Elitech

Código : 976822   DattaLogger"ELITECH"RCW-800 WIFI------

DESCRIPTION

1.Temperrature measuring range:-40℃~70℃

2.Temperature accuracy:±0.5℃（-20℃~40℃）；±1℃（others)

3.Humidity measuring range:10~90%RH

4.Humidity accuracy:±5%RH

5.Temperature resolution:0.1℃,humidity resolution:0.1%RH

6.Record cycle:1 min~24 hr,continuously settable

7.Record capacity:20000 points

8.Communication interface:Wifi / WCDMA(3G)

Features & Funcation

◆Completely comply with the latest GSP standard

◆Keep working for at least 6 hours after power supply is disconnected

◆Temperature and humidity alarm range can be set.Over-range alarm via LED blinking,buzzer beeping,etc

◆Record 20000 points of data,with no data storage limit in server

◆Connect WiFi access point,collect data and upload real-time data to the cloud platform
